Publishing Office

Pergamon Press plc, Pergamon House, Bampfylde Street, Exeter EX1 2AH, UK
[*Tel.* Exeter (0392) 51558; *Fax* (0392) 425370]

Subscription and Advertising Offices

North America: *Pergamon Press Inc., 395 Saw Mill River Road, Elmsford, NY 10523, USA*

Rest of the World: *Pergamon Press plc, Headington Hill Hall, Oxford OX3 0BW, UK*

Subscription Rates: Annual institutional subscription rate (1992): £455.00 (US$730.00). 2-year institutional rate (1992/1993): £864.50 (US$1387.00). Sterling prices are definitive. US dollar prices are quoted for convenience only, and are subject to exchange rate fluctuation. Prices include postage and insurance and are subject to change without notice. Subscription rates for Japan are available on request. Members of BIBRA may order a personal subscription at the concessional rate of £100.00. *Back Issues*: Back Issues of all previously published volumes, in both hard copy and in microform are available direct from Pergamon Press offices.

Published monthly.

It is a condition of publication that manuscripts submitted to this journal have not been published and will not be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. However, assignment of copyright is not required from authors who work for organizations that do not permit such assignment. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform or any other reproductions of similar nature and translations. No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, electrostatic, magnetic tape, mechanical, photocopying, recording or otherwise, without permission in writing from the copyright holder.

Whilst every effort is made by the publishers and editorial board to see that no inaccurate or misleading data, opinion or statement appears in this journal, they wish to make it clear that the data and opinions appearing in the articles and advertisements herein are the sole responsibility of the contributor or advertiser concerned. Accordingly, the publishers, the editorial board and editors and their respective employees, officers and agents accept no responsibility or liability whatsoever for the consequences of any such inaccurate or misleading data, opinion or statement.

Drug and dosage selection: The authors have made every effort to ensure the accuracy of the information herein, particularly with regard to drug selection and dose. However, appropriate information sources should be consulted, especially for new or unfamiliar drugs or procedures. It is the responsibility of every practitioner to evaluate the appropriateness of a particular opinion in the context of actual clinical situations and with due consideration to new developments.

Photocopying information for users in the USA: The Item-fee Code for this publication indicates that authorization to photocopy items for internal or personal use is granted by the copyright holder for libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service provided the stated fee for copying, beyond that permitted by Section 107 or 108 of the United States Copyright Law, is paid. The appropriate remittance of US$3.00 per copy per article is paid directly to the Copyright Clearance Center Inc., 27 Congress Street, Salem, MA 01970, USA.

Permission for other use: The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works or for resale. Specific written permission must be obtained from the publisher for such copying.

The Item-fee Code for this publication is: 0278-6915/91 $3.00 + 0.00

List of Contents

Volume 29 Number 1

Research Section

X. Shi, N. S. Dalal and A. C. Jain — 1 — Antioxidant behaviour of caffeine: efficient scavenging of hydroxyl radicals

S. M. Tarka, Jr, R. B. Morrissey, J. L. Apgar, K. A. Hostetler and C. A. Shively — 7 — Chronic toxicity/carcinogenicity studies of cocoa powder in rats

Z. S. C. Okoye and G. E. Neal — 21 — An examination of the effect of pretreatment of rats with *Sacoglottis gabonensis* bark extract, a Nigerian palmwine additive, and ethanol on macromolecular binding of aflatoxin B_1

T. D. Lickly, D. A. Markham and M. L. Rainey — 25 — The migration of acrylonitrile from acrylonitrile/butadiene/styrene polymers into food-simulating liquids

P. G. J. Reuzel, H. C. Dreef-van der Meulen, V. M. H. Hollanders, C. F. Kuper, V. J. Feron and C. A. van der Heijden — 31 — Chronic inhalation toxicity and carcinogenicity study of methyl bromide in Wistar rats

U. Samarajeewa, A. C. Sen, S. Y. Fernando, E. M. Ahmed and C. I. Wei — 41 — Inactivation of aflatoxin B_1 in corn meal, copra meal and peanuts by chlorine gas treatment

P. M. Gannett, C. Garrett, T. Lawson and B. Toth — 49 — Chemical oxidation and metabolism of *N*-methyl-*N*-formylhydrazine. Evidence for diazenium and radical intermediates

A. B. G. Lansdown — 57 — Interspecies variations in response to topical application of selected zinc compounds

Brief Communication

D. Hoffmann, M. V. Djordjevic and K. D. Brunnemann — 65 — New brands of oral snuff

Review Section

REVIEWS OF RECENT PUBLICATIONS — 69

Information Section — 71 — Sweetener intakes

72 — Pesticides Committee annual report

Letters to the Editor

C. J. Nunn — 73 — Some comments on the dietary intake of butylated hydroxytoluene

P. A. E. L. Schilderman, H. Verhagen, B. Schutte, F. ten Hoor and J. C. S. Kleinjans — 79 — Modulation by dietary factors of BHA-induced alterations in cell kinetics of gastro-intestinal tract tissues in rats

L. M. Tikkanen — 87 — Sources of mutagenicity in cooked Finnish foods

M. J. Werman, I. Neeman and S. Mokady 93 Avocado oils and hepatic lipid metabolism in growing rats

L. Diomede, M. Romano, G. Guiso, S. Caccia, S. Nava and M. Salmona 101 Interspecies and interstrain studies on the increased susceptibility to metrazol-induced convulsions in animals given aspartame

J. McDevitt and P. Goldman 107 Effect of the intestinal flora on the urinary organic acid profile of rats ingesting a chemically simplified diet

D. S. Rupa, P. P. Reddy and O. S. Reddi 115 Cytogenetic effects of quinalphos in mice

R. S. Chhabra, J. E. Huff, J. K. Haseman, M. R. Elwell and A. C. Peters 119 Carcinogenicity of *p*-chloroaniline in rats and mice

I. Kimber and R. J. Dearman 125 Investigation of lymph node cell proliferation as a possible immunological correlate of contact sensitizing potential

E. Benfenati, M. Natangelo, E. Davoli and R. Fanelli 131 Migration of vinyl chloride into PVC-bottled drinking-water assessed by gas chromatography–mass spectrometry

Review Section
